Provincial Employees Community Services Fund

Employee initiated and employee driven - Campaign 2009 is underway! This annual workplace fundraising campaign gives us the opportunity to change our communities for the better. Last year, over \$2 million was raised in two short months to support the important work of 973 charities.

The Community Fund is supported through employee volunteers who run workplace campaigns and by employees who donate through payroll deductions and fundraising events. Funds raised provide direct and invaluable support to thousands of individuals throughout the province and reflect the spirit of generosity for which public servants are well known.

Over the coming weeks, canvassers will be available to provide information on the Campaign, answer any of your questions and ask that you consider making a contribution this year. Every donation is appreciated and 100% of the funds raised go directly to the charities, as the Government of British Columbia covers all administrative costs.

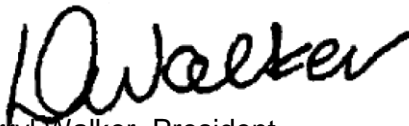

Please join us this year in Caring for our Community,

Lorne Brownsey, Honorary Chair 2009
Deputy Minister, Office of the Premier

Robert Lapper, Vice Honorary Chair 2009
Deputy Minister, Ministry of Labour

Darryl Walker, President
BC Government and Service Employees' Union

Jodi Jensen, Executive Director
Professional Employees Association

Debra McPherson, President
BC Nurses Union

Elizabeth Gilliland, Executive Director
BC Excluded Employees Association
